COMPANY PROFILE

Rocket-POS has been satisfying customers by providing reliable and feature rich point of sale solutions since 1989.

Our philosophy is a simple one. Produce a high quality product that benefits the customer and provide them with superior services.

We are headquartered in beautiful Saint Petersburg, FL where we provide scheduled training classes for end users and dealers. Please check the website for the next class.

Our commitment to product enhancements guarantees that our products maintain ever changing requirements and standards of the retail and technology industries. We gladly accept suggestions and comments at our corporate website.

Our services include customer technical support, software and hardware installations, software customizations, data transfer and manipulation, and retail consultation services.

At Rocket-POS, we strive to give the customer superior service and quality software products.

INVENTORY TRACKING

Improve you profits through accurate and detailed inventory tracking using Rocket-POS.

Control inventory levels by setting minimum stock levels and automatically generating purchase orders only when needed. Let our extensive inventory reports give you the information you need at your fingertips to run your business.

Define your inventory using customizable categories and departments to make your reporting more detailed and reflective of your product sales mix.

Set up inventory items in many different ways including sales price breaks, mix & match items, and kits.

CUSTOMER DATABASE

Keep in touch with you customers thorough incentive programs, mailings, sales information, and much more.

Keep valuable information such as addresses, phone numbers, and even pictures of your customers for identification purposes if needed.

Call us at (954) 364-4970 to find out how Rocket-POS can benefit your type of business today!
